web: <https://fundaciontorresyprada.org/curso-economia-circular-de-los-envases-plasticos-2026-5a-edicion-2/>

BE PART of the change in RECYCLING PLASTIC CONTAINERS

Certification:

The Torres y Prada Foundation will issue a certificate to those who meet 80% attendance and complete the activities.

COURSE CONTENT

The content will be developed in 15 theoretical sessions + 2 exercise sessions + final course project and 2 factory visits, with the following thematic axes:

1. - Plastic packaging within the framework of a Circular Economy
2. - Packaging waste and its management
3. - Recycling and recovery
4. - Ecodesign and legislation

Addressed to:

- Professionals from plastic manufacturing companies and the processing industry.
- Technicians and managers from packaging industries interested in developing circular economy strategies for their products.
- Engineers and technicians from Public Administrations in the field of the environment and the management of packaging waste.
- Technicians, chemists, engineers and postgraduate students interested in training in plastic recycling processes.

F u n d a c i ó n
Torres
y Prada

Purpose:

To **prepare** people who have an **interest** in and concern for the **sustainability of the community** where they live.

To **train** technicians with knowledge of recycling technologies, capable of managing plants that participate in the circular economy of plastic packaging at its different stages.

To **promote** the circular economy and plastic recycling within society through educational centers, public and private institutions, and social media.

To **train** professionals from companies and organizations interested in developing circular economy strategies and communicating them to the public.
